Marylanders deserve accurate elections
This report card provides citizens

Secure the Vote MARYLAND

Scientifically developed data illustrating Maryland Voter Registration Database and other voting

irregularities.

It objectively shows that the Maryland Board of Elections has failed to properly manage the electoral process and related voting systems.

This "failing" report card is a clarion call for Maryland citizens to take immediate action by going to SecuretheVoteMD.com and signing our petition, which

Unreconciled Blank Ballots Cast

Registered Voters Listed as "Voting" But DID NOT "Vote" 2020

Extrapolated using the well-defined statistical method and results described in the "Maryland Cross State Canvas" section. The 5,625 results represent 5% of the 112,506 registered voters with a 98%
